- ii) Let the value of executed work/supply till the time of termination of contract= X

- iv) Delay in executed work/supply attributable to contractor/supplier i.e.  $T2=(1-XY) \times T1$

v) LD shall be calculated in line with LD clause of the Contract for the delay attributable to contractor/ supplier taking "X" as Contract Value and "T2" as delay attributable to contractor/ supplier.

**Note: Incase portion of work/supply is withdrawn, no LD shall be applicable for portion of work/supply withdrawn.**
